

## Fancy Stones & Settings

Fancy Stones are offered in numerous shapes ranging from classical gemstone-inspired cuts to progressive trend cuts. They come in a huge assortment of different sizes and colors. Showing either a faceted or flat reverse side, Fancy Stones can be glued into pre-cast cavities or used in metal settings. Their precision-cut facets ensure the highest brilliance and endow design ideas with a unique sparkle.

Settings are unplated or plated brass components, each specifically tailored to a Fancy Stone, that secure the crystal and allow for a myriad of application possibilities, including but not limited to sewing, soldering, and gluing.
